

## Dustbuster theme, generated by ChatGPT AI.

### (Verse 1)

If there's a **project** that's filled with clutter,  
Who you gonna call? Dustbuster!  
If **timelines** crumble and **budgets** flutter,  
Who you gonna call? Dustbuster!

### (Pre-Chorus)

I ain't afraid of no project, I ain't afraid of no **task**.  
When chaos is the norm,  
And your **team's** caught in a storm,  
Who you gonna call? Dustbuster!

### (Chorus)

Dustbuster! (Who you gonna call?)  
Dustbuster! (When it's a project sprawl)  
Dustbuster! (When it's a crisis call)  
Dustbuster! (I think you better call)

### (Verse 2)

When **scope** creeps in just like a ghost,  
Who you gonna call? Dustbuster!  
When **stakeholders** cause you the most,  
Who you gonna call? Dustbuster!

### (Pre-Chorus)

I ain't afraid of no project,  
I ain't afraid of no **change**.  
When risks start to arise,  
And uncertainty fills your skies,  
Who you gonna call? Dustbuster!

### (Chorus)

Dustbuster! (Who you gonna call?)  
Dustbuster! (When it's a task recall)\*  
Dustbuster! (When it's a **deadline** fall)  
Dustbuster! (I think you better call)

### (Bridge)

We'll clean up the mess and make it right,  
With Dustbuster, we'll bring in the light.  
We'll **manage** projects with all our might,  
With Dustbuster, we'll win the fight!

### (Chorus)

Dustbuster! (Who you gonna call?)  
Dustbuster! (When it's a project brawl)  
Dustbuster! (When it's a task hall)  
Dustbuster! (I think you better call)

### (Outro)

When your project's in disarray, don't stall,  
Just pick up the phone and give us a call,  
Dustbuster will stand tall,  
We're here to clean up your project after all!
